

Alijah Valle

I am a BSIT student majoring in Information Security. Highly motivated, fast learner, and open to exploring both development and administrative/data entry roles to expand experience and professional skills. Organized, detail-oriented, and committed to delivering high-quality results.

EDUCATION

University of Southeastern Philippines, Davao City — *Bachelor of Science In Information Technology, major in Information Security*

AUGUST, 2022 – EXPECTED JULY 2026

Currently in my last year. Gained knowledge in web development, database systems, and information security. Applied these skills through hands-on academic projects using tools like HTML, CSS, JavaScript, PHP, Laravel, MySQL, and Git.

PROJECTS

Personal Portfolio — *Individual Project*

Created a portfolio site showcasing multiple projects with an admin login to add new entries. Reused existing projects (Memory Game, Guess the Word, Blog Card) and integrated To-Do List and Calendar in the admin dashboard.

Tools/Technologies used: HTML, CSS, JavaScript, PHP, MySQL, VS Code

RegaliaCrest — *Group Project*

Collaborated on a fully functional real estate listing platform for properties including house & lot, land, and individual homes. Developed dynamic property pages using PHP and JavaScript, with user-friendly design and responsive layouts.

Tools/Technologies used: HTML, CSS, JS, PHP, Laravel, Blade, React

Memory Game — *Individual Project*

Developed an interactive memory matching game that tests players' short-term memory. Utilized DOM manipulation and logic handling in JSt to dynamically generate cards, handle matches, and track player moves.

Tools/Technologies used: HTML, CSS, JavaScript, VS Code

CERTIFICATIONS / TRAININGS

- Defending Against SQL Injections Seminar – May 7, 2025
- Ethical Hacking Seminar – March 5, 2025
- ICP Smart Contract Code Camp – Sept 24, 2024
- DICT Blockchain technology and cybersecurity seminar – Sep 5, 2024
